More to come...

*Quality from the start!*

## Conference welcome

This year's conference take place in Scandinavia. We will visit both Sweden and Denmark. The three day's long conference will be a mix of visits at nurseries and plant related companies and a whole line of interesting speaks from various countries. The conference will be held in English.

The main purpose for IPPS is to seek and to share information's about plant propagation, plant production and plant promotion. IPPS is a global organization with the goal to seek and share.

During the three day's conference participants have good opportunities to do a lot of networking.

To book the conference, you need to choose your accommodation through the Eventbrite ticket system.

Please use this link: [Registration](#)
